

ADMINISTRATIVE REGULATIONS

To carry out the intentions expressed in Governing Board policy, the Superintendent or designee shall develop administrative regulations and/or procedures specifying detailed actions to be taken and arrangements to be enforced within the district and its schools. Administrative regulations shall be consistent with state and federal law and regulations, Board policy and negotiated employee contracts.

Note: It is the Superintendent's responsibility to decide how to implement the Board's policies, and it is generally accepted that the Board should not be involved in this implementation. Board approval and adoption of administrative regulations is required only for regulations which the law mandates the Board to adopt. The Board's role with regard to other administrative regulations varies considerably from district to district; the following paragraph may be revised as desired to reflect district practice.

The Board shall review and approve administrative regulations as mandated by law. In addition, the Board may review and approve other regulations related to topics of particular interest to the Board or for which the Superintendent requests Board endorsement. The Board shall review proposed administrative regulations for the sole purpose of ensuring conformity with the intent of Board policy.

(cf. 2210 - Administrative Leeway in Absence of Governing Board Policy)

Regulations and procedures shall be maintained at appropriate school and/or district locations and may be placed in the district's policy manual.

(cf. 9310 - Policy Manual)
