5. BASIC SERVICES TO BE RENDERED BY ARCHITECT

Architect's Basic Services shall consist of the following items and as further specified in Exhibit B hereto:

a. SCHEMATIC DESIGN PHASE: Architect shall review the program furnished by District, as defined in Paragraph 7.a of this Agreement, to ascertain the requirements of the Project and arrive at a mutual understanding of such requirements with District. If District requires assistance in the preparation of the program, including meetings with faculty or other representatives, this assistance shall be compensated as an Additional Service. Architect shall: prepare schematic design studies, drawings and other necessary documents showing site use and the scale and relationship of the components of the Project for District approval; meet with faculty or other representatives; prepare a written preliminary estimate of probable construction costs based on

current area, volume or other unit costs; and prepare a written time schedule for the performance of Architect's services.

- b. DESIGN DEVELOPMENT PHASE: From the approved schematic design studies preparation of the design development documents consisting of site and floor plans, elevations and other drawings and documents sufficient to fix and describe the size and character of the Project as to structural, mechanical and electrical systems, kinds of materials and outline specifications, all for approval by District. Architect shall also provide District with a revised and updated written estimate of probable construction cost. Architect shall assist District in applying for and obtaining required approvals from all applicable governmental agencies.
- c. CONSTRUCTION DOCUMENTS PHASE: From the approved design development documents, preparation of complete working drawings and specifications setting forth in detail the work to be done and the materials, workmanship, finishes and equipment required for the architectural, structural, mechanical, electrical systems and utility-service-connected equipment and site work, all for written approval by District; with assistance from District, and using the forms approved by the District and by the District's legal counsel, Architect shall prepare the bidding information, bidding forms, and the construction contract documents. Bid and contract forms and documents shall be submitted to District's legal advisor for review and approval at least ten (10) days prior to proposed publication. Architect shall assist District in filing any necessary documents for procuring the approval of any governmental authorities or other agencies having jurisdiction over the Project. Architect shall include with the delivery of the final form of construction documents Architect's final statement of probable construction cost based on adjustments to previous estimates indicated by changes in requirements or general market conditions. When the Project involves a school building, Architect shall make best efforts to ensure that the construction documents receive all required DSA - approval prior to bidding and shall ensure that DSA approval is obtained prior to Board approval of the construction contract.
- d. BID PHASE: Following District's approval of construction documents and District's acceptance of Architect's final estimate of probable construction costs, Architect shall reproduce the plans, specifications and construction documents in the required number and assist District in dissemination of plans, specifications and construction documents among interested contractors, and in obtaining bids, and award and preparation of the construction contract. Architect shall schedule advertising and bidding sufficiently in advance of the regular meeting of District's Governing Board to allow time for any bid protest that may arise to be handled in conformance with the approved bid protest procedures.
- e. CONSTRUCTION PHASE: The construction phase shall begin upon award of the construction contract and shall end sixty (60) days after the filing of the Notice of Completion. During this phase, Architect shall:
- i. Provide general administration of the construction contract, coordinating such services with the District's construction manager as directed by District, if applicable.
- ii. Advise and consult with and serve as representative of District in the general administration of the construction contract and in District's dealings with the contractor. Architect shall have authority to act for District to the extent provided in the construction contract.

However, all change orders affecting price shall be approved or ratified by the Governing Board of the District, or its designee.

- iii. Provide general direction to any Project inspector employed by and responsible to District as required by applicable law. Architect shall provide assistance to District for District to direct the contractor in the preparation of a set of drawings indicating location of buried utility lines (as-built dimensions) which shall be forwarded to District upon completion of the Project.
- iv. Visit the Project site at intervals appropriate to the stage of the contractor's operations in order to maintain familiarity with the progress of work and to determine in general that the contractor's work complies with the plans and specifications and that the work, when fully completed, will be in accordance with the contract documents. Such visits and determinations are to be distinguished from the continuous inspection provided by a project inspector required by law for public school construction. Architect shall neither have control over or charge of, nor be responsible for, the contractor's construction sequences or procedures, or for safety precautions and programs in connection with the contractor's work.
- v. Make such regular oral and/or written reports as shall be required by District or by any other applicable reviewing or licensing agencies and keep District informed of the progress of the work by means of written reports.
- vi. Review schedules, shop drawings, samples and other submissions of the contractor for general compliance with design and the contract specifications and timely notify the contractor and District of deadlines which may affect the construction schedule.
- vii. Promptly notify District in writing of deviations known or observed by Architect in the contractor's work or materials or both which do not conform to the contract documents. Upon instructions from the District representative, Architect shall reject the work or materials or both which do not so conform. Architect shall then promptly inform District what further work, installation of conforming materials, or testing of proposed substitute materials, whichever may be applicable, may be required. Upon instructions from District representative, further work, conforming materials, or substitute materials, whichever may be applicable, shall be required of the contractor if determined by Architect to be necessary to carry out the intent and purposes of the contract documents and the project, based on Architect's reasonable professional judgment. Architect shall not be responsible for the contractor's failure to perform the work in accordance with the requirements of the contract document. Architect shall be responsible for Architect's negligent acts, errors and omissions, but shall not have control over or charge of and shall not be responsible for the negligent acts, errors or omissions of the contractors, subcontractors, or their agents or employees, or of any other persons or entities performing portions of the construction work.

viii. Architect shall promptly notify District of any significant defect that an architect exercising reasonable professional judgment in the course of maintaining familiarity with the construction work would detect in materials, equipment, or workmanship which comes to Architect's attention and of any known or observed default by the contractor in the orderly and timely progression or prosecution of the work.

ix. Examine and verify the contractor's applications for payments including reviews of the status of the contractor's record drawings and approve the issuance of certificates for payment for work completed in such amount as Architect shall judge proper under the contract documents. Architect's approvals shall constitute representations to District, based on the Architect's professional evaluation of the contractor's work and on the data comprising the contractor's applications for payment, that the contractor's work has progressed to the points indicated. Architect's approvals shall not be representations that Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the contractor's work, (2) reviewed construction means, methods, techniques, sequences or procedures, (3) reviewed copies of requisitions received from subcontractors and material suppliers and other data requested by District to substantiate the contractor's rights to payment, or (4) ascertained how or for what purpose the contractor has used money previously paid on account of their contract sums.

x. Prepare and/or review any necessary change orders for approval by the contractor, District and all applicable governmental agencies, including review of the contractor's pricing requests.

xi. Provide a color schedule of all finished materials in the Project for District's review and approval.

xii. Determine dates of substantial and final completion and make final detailed on-site review of job with representatives of District and contractor, including preparation of punch list.

xiii. Collect from contractor and deliver to District all written guarantees, instruction books, diagrams, charts and as-built drawings as defined in the bid documents which are required of and assembled by contractor.

xiv. Determine the date of final completion based on full completion of all punch list items and all requirements of the Project contract, and issue Architect's certificate of completion and final certificate for payment.

xv. After notice and approval by District, Architect shall have authority to reject work which does not conform to the contract documents. Whenever Architect considers it necessary or advisable, Architect will have authority to require inspection or testing of the work in accordance with the provisions of the contract documents, whether or not such work is fabricated, installed or completed. However, neither this authority of Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of Architect to the contractor, subcontractors, material and equipment suppliers, their agents or employees or other persons performing portions of the work.

xvi. Architect shall review and approve or take other appropriate action upon the contractor's submittals such as shop drawings, product data and samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the contract documents. Architect shall respond to contractor's requests for information relating to the construction documents. Architect's action shall be taken with such reasonable promptness as to cause no delay in the contractor's work or in the activities of District

or of separate contractors or subcontractors, while allowing sufficient time in Architect's professional judgment to permit adequate review. If at any time it appears that the time required for such review may result in a delay, Architect shall promptly notify District of the possibility of delay, and exercise best efforts to avoid or minimize such delay. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities or for substantiating instructions for installation or performance of equipment or systems designed by the contractor, all of which remain the responsibility of the contractor as required by the contract documents. Architect's review shall not constitute approval of safety precautions or, unless otherwise specifically stated by Architect, of construction means, methods, techniques, sequences or procedures. Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

xvii. Architect shall interpret and attempt to resolve matters concerning performance of District and the contractor under the requirements of the contract documents on written request of either District or the contractor. Architect's response to such requests shall be made with reasonable promptness and within any time limits agreed upon. Interpretations and decisions of Architect shall be consistent with the intent of and reasonably inferable from the contract documents and shall be in writing or in the form of drawings.

xviii. District shall require each contractor to provide District with record drawings indicating the location and size of all underground or imbedded construction and utility connections not covered in the original drawings, change orders, supplemental drawings, or shop drawings. District shall require the contractor to record such construction on reproducible drawings furnished to the contractor by District. Architect shall review the contractor's completed record drawings for general completeness based on Architect's site visits. Such a review by Architect shall not relieve the contractor of its responsibility for the accuracy or completeness of the information recorded.

f. POSTCONSTRUCTION PHASE: After the completion of Architect's Construction Phase services, Architect will be available for reasonable consultation relating to the Project and the plans drawn by Architect, and any disputes related to. Architect shall attend meetings, at the request of District, relating to completion of any punch list or lists; relating to any claim by the contractor or any subcontractor of extra work or delay due to the plans, alleged design flaws, alleged insufficient drawings, or the construction contract administration by Architect; or relating to any other matter germane to the completion of the Project over which Architect had general or specific control or responsibility. Architect shall assist District in compiling information necessary for Project closeout and, if applicable, shall promptly take all necessary steps to obtain a DSA closeout letter for the Project. Services after notice of completion not covered by this subparagraph shall be compensated as Additional Services in accordance with Paragraph 4.c.

g. RESPONSIBILITY FOR CONSTRUCTION COSTS:

- i. District's budget for the Project shall include a contingency of 10 percent (10 %) over and above any estimate of construction cost or evaluation prepared or agreed to by Architect.
- ii. Evaluation of District's budget for the Project, preliminary estimates of the probable construction cost and any updated estimates of the probable construction cost prepared by Architect represent Architect's judgment as a design professional familiar with the

construction industry. It is recognized, however, that neither Architect nor District has control over the cost of labor, materials or equipment, over the contractor's methods of determining bid prices, or over competitive bidding, market or negotiating conditions. Accordingly, Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from District's budget for the Project or from any estimate of construction costs or evaluation prepared or agreed to by Architect.

- iii. In preparing estimates of construction cost, the Architect shall include and disclose reasonable contingencies for design, bidding and price escalation as agreed to by District.
- iv. If bidding or negotiating has not commenced within sixty (60) days after Architect submits the construction documents to District, following review and approval by District's legal counsel, any Project budget shall be adjusted to reflect changes in the general level of prices in the construction industry.
- v. Should the lowest responsible bid received exceed Architect's final estimate of probable construction costs as accepted by District by more than ten percent (10%), District shall:
 - (a) award the contract and proceed with the Project;
 - (b) authorize rebidding of the Project within a reasonable time;
 - (c) cancel the Project and terminate this Agreement in accordance with Paragraph 15; or
 - (d) direct Architect to revise the Project scope and quality as required to reduce the construction cost.
- vi. If District chooses to proceed under item v.(4) above, Architect shall as part of Basic Services make such changes in plans and specifications as shall be necessary to bring new bids within ten percent (10%) of such estimated cost. The modification of the contract documents shall be the limit of Architect's responsibility arising out of the estimate of probable construction cost. Architect shall be entitled to compensation in accordance with this Agreement for all services performed whether or not the Construction Phase is commenced.
- vii. If the lowest responsible bid exceeds the final estimate of probable construction cost by less than 10% and District chooses to require revising the Project scope and quality to reduce the construction cost, Architect's services to make such revisions shall be considered Additional Services.
- h. CONSULTANTS AND STAFF. District and Architect agree that the professional services under this Agreement require adequate staffing and continuity of qualified people. All key staff listed below have been approved by District and Architect and may not be changed without prior written approval except for an individual leaving the firms employ. If District finds the performance of an approved individual not acceptable, District will notify Architect who will take necessary corrective action. If unable to correct performance to District's satisfaction, Architect will make appropriate staffing changes acceptable to District.

operations, vehicle coverage and employer's non-ownership liability coverage, in an amount no less than \$1,000,000 combined single limit personal injury and property damage for each occurrence in an annual aggregate of no less than \$2,000,000.00 or as may be agreed upon between District and Architect. Such insurance must be written by an admitted company or companies licensed to do business in the State of California at the time the policy is issued, and acceptable to District.

a. ENDORSEMENTS: Such general liability policy (or policies) specified above shall be endorsed with the following specific language:

The District is named as additional insured for all liability arising out of the operations by or on behalf of the named insured, and this policy protects the additional insured, its officers, agents and employees against liability for bodily injuries, deaths or property damage or destruction arising in any respect directly or indirectly in the performance of the Agreement.

The general liability policy (or policies) specified above shall also be endorsed with or include the following specific or equivalent language:

- (1) The inclusion of more than one insured shall not operate to impair the rights of one insured against another insured and the coverage afforded shall apply as though separate policies have been issued to each insured.
- (2) The insurance provided herein is primary and no insurance held or owned by District shall be called upon to contribute to a loss.
- (3) Coverage provided by this policy shall not be canceled or the dollar amount reduced without thirty (30) days written notice given to District.
- (4) The certificate must state that the insurance is on an occurrence (not a claims-made or modified occurrence) basis.
- b. DOCUMENTATION: The following documentation of insurance shall be submitted to District and approved prior to execution of this Agreement:

Certificates of insurance showing the limits of insurance provided and signed copies of the specified endorsements for each policy.

At the time of making application for an extension of time, Architect shall submit evidence that the insurance policies will be in effect during the requested additional period of time.

c. If Architect fails to maintain such insurance, District may take out such insurance to cover any damages for which District might be held liable on account of Architect's failure to pay such damages or to provide the required insurance coverage, and deduct and retain the amount of the premiums from any sums due Architect under the Agreement.

Nothing herein contained shall be construed as limiting in any way the extent to which Architect or any Architect's employees, agents, consultants, or subcontractors may be held responsible for payment of damages resulting from its operations.

10. WORKERS' COMPENSATION INSURANCE

Before the Agreement is entered into, Architect shall furnish to District satisfactory proof that Architect and all engineers, consultants, and subcontractors Architect intends to employ have taken out, for the period covered by the proposed contract, full compensation insurance and Employer's Liability with an insurance carrier satisfactory to District for all persons whom they may employ in carrying out the work contemplated under this Agreement in accordance with the act of the Legislature of the State of California, known as the Workmen's Compensation Insurance and Safety Act, approved May 26, 1913, and all acts amendatory or supplemental thereto. Such insurance shall be maintained in full force and effect during the period covered by the contract. In the event Architect is self-insured, Architect shall furnish a valid Certificate of Permission to Self-Insure, signed by the Department of Industrial Relations Administration of Self-Insurance, Sacramento, California.

In addition, to the extent that the activities and services of engineers or consultants are not covered under Architect's professional liability insurance, Architect shall cause each engineer and consultant, before the time such engineer or consultant shall commence any services relating to the project, to obtain and maintain a policy of professional liability insurance in an amount of not less than \$1,000,000.00 with an insurance carrier satisfactory to District.

Architect shall provide a copy of the insurance policies to the District upon request, and the policies, or certificates thereof, must contain the provision that the insurance cannot be canceled until thirty (30) days after written notice of intended revocation has been given to District.

12. ERRORS AND OMISSIONS

In addition to any other remedy which may be available to District under this Agreement or under the laws of the State of California, District may require Architect to pay all reasonable costs made necessary and to the extent caused by any negligent or intentional error or omission of Architect, including, but not limited to, costs for the removal or replacement of materials and labor or both, and Architect shall not receive any fee for any of its work performed in correcting said error or omission. Notwithstanding the foregoing, District shall pay for the cost of any actual materials and labor which were omitted for any reason, but only to the extent contract price obtained from the contractor was lower by reason of the omission.

13. COMPLIANCE WITH LAWS

Architect shall keep and maintain full and complete documentation and accounting records concerning all additional services performed that are compensable by other than a flat rate. Architect shall make such documents and records available to authorized representatives of District for inspection or audit at any reasonable time and shall provide copies thereof to District upon request.

15. TERMINATION OF CONTRACT

- a. District shall have the right to terminate this Agreement without cause upon thirty (30) days written notice to Architect and upon compensation to Architect as set forth in paragraph 4.f.iv. above. If District terminates this Agreement under this provision the parties shall be relieved of the remaining executory obligations of the Agreement except for such liability arising out of services performed prior to the date of termination.
- b. District may, at its election, terminate this Agreement if Architect defaults in any material respect on any provision hereunder and fails to cure such material default within 15 days following written notice, or if the default cannot be cured within 15 days, commence to cure such default, diligently pursue such cure, and complete the cure within a reasonable time following written notice and demand from District. If District terminates this Agreement based upon the material default of Architect, District shall be entitled to pursue any remedy available under the law against Architect including, without limitation, an action for damages for breach of contract.
- c. Architect may, at its election, terminate this Agreement if District defaults in any material respect on any provision hereunder and fails to cure such material default within 15 days, or if the default cannot be cured within 15 days, commence to cure such default, diligently pursue such cure, and complete the cure within a reasonable time following written notice and demand from Architect. If Architect terminates this Agreement based upon the material default of District, Architect shall be entitled to pursue any remedy available under the law against District, including, without limitation, an action for damages for breach of contract.

16

Manufactured items, including, but not limited to, paint, finish, hardware, plumbing fixtures and fittings, mechanical equipment, electrical fixtures and equipment, roofing materials, and floor covering, shall be standardized to District's criteria so long as the same does not seriously interfere with building design. Architect is responsible for ensuring that any specification calling for a designated material, product, thing, or service by a specific brand or trade name is drafted in compliance with Section 3400 of the Public Contract Code.

18. OWNERSHIP OF DOCUMENTS

Pursuant to Section 17316 of the Education Code, plans approved by the agency of jurisdiction including, but not limited to, record drawings, specifications, and estimates prepared by Architect pertaining to the Project pursuant to this Agreement shall be and shall remain the property of District. Nothing in this paragraph shall preclude District from using the plans, record drawings, specifications, or estimates related to the Project for the purposes of additions, alignments, or other development on or adjacent to the site.

Any use or re-use or modification of any portion of the plans, specifications, or estimates or other documents prepared by Architect under this Agreement, by District or any other person with District's consent, for any purpose other than as contemplated in this Agreement, shall be at the sole risk of District and without liability to Architect, with no warranty of merchantability or fitness, and District shall indemnify, hold harmless and defend Architect and its officers, directors, agents, employees and consultants from all claims of any kind arising out of such use, re-use or modification of said plans, specifications, estimates or other documents prepared by Architect.

After the completion of this Project, Architect shall not permit any reproductions to be made of any District owned documents without the written approval of District and shall refer all requests for such documents by other persons to District.

The Architect and District shall have the right to include photographic or graphic representations of the design of the Project among their respective promotional and professional materials.

- i. Any claim, dispute or other matter in question arising out of or related to this Agreement may be subject to nonbinding mediation if the parties mutually agree.
 - ii. A request for mediation shall be filed in writing with the other party to this Agreement.
- iii. The parties shall share the mediator's fee and any filing fees equally. The mediation shall be held in the place where the Project is located, unless another location is mutually agreed upon.

b. ADVISORY ARBITRATION

i. Any claim, dispute or other matter in question arising out of or related to this Agreement may be subject to arbitration if the parties mutually agree. Prior to arbitration, the parties may endeavor to resolve disputes by mediation in accordance with the mediation provisions above.

20. SUCCESSORS AND ASSIGNMENTS

This Agreement is binding upon and inures to the benefit of the successors, executors, administrators, and assigns of each party to this Agreement, provided, however, that Architect shall not assign or transfer by operation of law or otherwise any or all of Architect's rights, burdens, duties, or obligations, professional or otherwise, without the prior written consent of District's Governing Board. Any attempted assignment without such consent shall be invalid.

21. TIME SCHEDULE

- a. TIME SCHEDULE: Time is of the essence in the performance of this Agreement. Architect shall perform all services hereunder as is consistent with professional skill and care and the orderly progress of the Project. Architect shall submit for District's approval, as part of Exhibit A hereto, a schedule for the performance of Architect's services which shall be adjusted, as required, as the Project proceeds, and shall include allowance for periods of time required for District's review and approval of submissions and for approvals of authorities having jurisdiction over the Project. The schedule when approved by District shall not be exceeded unless extended in writing by District. Architect shall at all times maintain adequate staffing and resources necessary for the timely performance of Architect's services under this Agreement. Architect shall review and respond to submittals, requests for information, and the like, so as to avoid delays in the work.
- b. DELAYS: If Architect is delayed in Architect's services by acts of District or its employees or those in a direct contractual relationship with District or by the California Department of General Services or other agencies having jurisdiction over the Project or by acts of God or any other occurrences which were not or could not have been reasonably foreseen and provided for, and which are not due to any fault or negligence or reasonable control on the part of Architect, the time for Architect's performance shall be extended accordingly. Notwithstanding the foregoing, Architect shall endeavor to avoid or minimize such delay. District shall not be liable for the damages to Architect on account of such delays.

22. HAZARDOUS MATERIALS

Unless otherwise specified, the services provided under this Agreement do not include the discovery, identification, removal, handling, or disturbance of any hazardous substances or materials at the project site. If such substances or materials are knowingly encountered by Architect, construction work shall cease in that area and District shall be notified to take appropriate action for removal or otherwise abating the condition in accordance with current regulations applicable to District.

23. SCHOOL SITE CONDITIONS

District has determined that fingerprinting is not applicable to this Agreement, however, Architect expressly acknowledges that the following conditions shall apply to any work performed by Architect and/or Architect's employees or agents on a school site: (1) Architect and Architect's employees or agents shall check in with the school office each day immediately upon arriving at the school site; (2) Architect and Architect's employees or agents shall inform school office staff of their proposed activities and location at the school site; (3) Once at such location, Architect and Architect's employees or agents shall not change locations without contacting the school office; (4) Architect and Architect's employees or agents shall not use student restroom facilities; and (5) if Architect and/or Architect's employees or agents find themselves alone with a student, Architect and Architect's employees or agents shall immediately contact the school office and request that a member of the school staff be assigned to the work location.

24. MISCELLANEOUS

The following terms and conditions shall applied to this Agreement:

- a. GOVERNING LAW AND VENUE: This Agreement shall be construed in accordance with, and governed by the laws of the State of California. Venue shall be in the Superior Court of the State of California in the County of Sonoma.
- b. ENTIRE AGREEMENT: This Agreement with its exhibits supersedes any and all other prior or contemporaneous oral or written agreements between the parties hereto. Each party acknowledges that no representations, inducements, promises or agreements have been made by any person which are not incorporated herein, and that any other agreement shall be void. Furthermore, any modification of this Agreement shall only be effective if in writing signed by all parties hereto.
- c. SEVERABILITY: Should any provision in this Agreement be held by a court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions shall continue in full force and effect.
- d. NON-WAIVER: None of the provisions of the Agreement shall be considered waived by either party unless such waiver is specifically specified in writing. District's failure to enforce any provision of this Agreement or the waiver of any provision in a particular instance shall not be construed as a general waiver of any part of such provision.
- e. DISCRIMINATION PROHIBITED: It is the policy of District that in connection with all work or services performed under contracts, there will be no discrimination

against any prospective or active employee engaged in the work because of race, color, ancestry, national origin, religious creed, sex, age, handicap, or marital status. Architect agrees to comply with applicable Federal and California laws including, but not limited to, the California Fair Employment Practice Act, beginning with Government Code section 12900, et seq. In addition, Architect agrees to require like compliance by any consultants or subcontractors employed on the Project.

f. DISABLED VETERANS PARTICIPATION GOALS: In accordance with Education Code section 17076.11, the District has a participation goal for disabled veteran business enterprises ("DVBE") of at least 3 percent per year of the overall dollar amount of funds allocated to District by the State Allocation Board pursuant to the Leroy F. Greene School Facilities Act of 1998 for construction or modernization and expended each year by the District. Prior to, and as a condition precedent for final payment under any contract for such Project, Architect shall provide appropriate documentation to District identifying the amount paid to disabled veteran business enterprises in conjunction with the contract, so that District can assess its success at meeting this goal.

School Profiles

Gravenstein Union School District is a K-8 school district with an enrollment of approximately 710 students, most of who come from English speaking homes with a variety of socio-economic backgrounds. The district is located in the western rural section of Sebastopol in Western Sonoma County. The district serves a primarily rural population in an area of limited growth. Approximately ninety four percent of the property located within the school district boundaries is zoned "rural residential" in the Sonoma County General Plan. This zoning classification also affects the number of students living within the district.

There are four schools in the district for school year 2013-14. Gravenstein Elementary School is a K-5 charter conversion school. Gravenstein First is the name of the 1st grade school of approximately 30 students. Hillcrest Middle School is a 6th - 8th grade middle school which is a charter conversion school, and the district also has a Community Day School. The district has a K-8 Creative Arts Magnet/GATE Program at both campuses (ENRICH!).

The sites reflect the rural nature of the community. The relatively small enrollment at each site, excellent staff and very involved parents have worked together to establish a student body that has achieved some of the highest API scores in Sonoma County for the last eight years.

All classes K-6 are self-contained. Primary classes (K-3) have an approximate ratio of 20-1 and middle grades average an approximate ratio of 25-1. Instructional and temporary support assistants, paid by categorical monies, are utilized in Grades K-8 according to need in the classroom. Instructional assistants work in conjunction with the Special Education Teachers to instruct in Learning Labs at both campuses. The Learning Labs are operated through combining categorical funding to serve students who need intervention or tutoring. Students are provided service according to their need – regardless of whether they qualify for special education or not. This setting provides additional services in the areas of Reading/Language Arts and Math to identified and/or below-grade-level students. Other services available to Gravenstein Union School District students (on both campuses) include the Speech and Language Program and a school psychologist. The same services are available at the middle school campus. Hillcrest Middle School has a counselor for academic counseling.

Students in grades K through 5 receive music instruction one day per week and additional band time by the district's music specialist. Visual art is also part of the Gravenstein School program. Classroom teachers and an art specialist provide this program. Hillcrest Middle School has a variety of scheduled music, art and drama programs. Our Grade K-8 Creative Arts Magnet/GATE Program does include additional field trips and visual and performing arts.

The school district utilizes two violence/bully prevention curriculum programs. **Second Step** is a state-approved violence prevention program for grades Preschool through eighth grade. Empathy, Emotion Management, Impulse Control, Problem Solving and Anger Management are some of the topics covered. Similar topics to **Second Step** are discussed through this program to include recognizing "bully' behaviors in yourself and others and how to react to these behaviors (or prevent the behaviors) in a non-violent manner. Although HIV/AIDS Education is presented at the 7th or 8th grade level, sex education is an area that the school board and the site council have discussed as a possible addition to the 7th/8th curriculum.

Hillcrest Middle School has been nominated for both California Distinguished School and National Blue Ribbon Award for 2013.

Alignment of Curriculum, Instruction and Materials to Content and Performance Standards:

RANKING-All Materials are State standards aligned. Report cards are standards aligned at Grades K-5.

All of the curriculum materials we use in the areas of Reading-Language Arts (adopted 2009 for K-5) and Math (adopted 2008 grades 6-8) are aligned with the State Standards. K-8 History/Social Studies and Science textbooks have been ordered during the 2006-07 and 2007-08 school year. Report cards are aligned to reflect progress through the standards at each grade level in grades K-5. Curriculum brochures are completed at the K-8 level.

Alignment of Staff Development to Content Standards and Assessed Academic Need:

RANKING- Completed for 100% of staff in the area of Language Arts K-5.

On going staff development is provided for our staff on the adopted Language Arts or Math Textbooks. We will be constantly assessing the need for staff development and providing the necessary in-service training.

Availability of standards based instructional materials appropriate to all student groups:

RANKING -completed

We have state adopted Language Arts textbooks for grades K-5 (Open Court-Imagine It 2009), McDougal Littel for grades 6-8, Social Sciences for grades K-5 (Harcourt), Social Sciences for grades 6-8 (History Alive), Glenco-McGraw Hill Science for grades K-5, McDougall-Littel Science for grades 6-8, Glenco Spanish for grades 6-8, Wright Group Spanish for grades 4-6. Harcourt Math (grades K-5) and CGP Math 2008 adoption (grades 6-7-8) are the adopted mathematics textbooks.

RANKING - completed

We have adopted State approved ELA Intervention Materials in grades 3-8 for students 2 years below their grade level (*Jane Greene-LANGUAGE!*). We have also adopted *Fast Forward* Math Intervention materials. Our Learning Lab is providing assistance for students who qualify for Special Ed services and/ or non-proficiency in ELA or Math. Before/After/ or lunchtime tutoring also takes place informally all year.

Services Now Provided by Categorical funds to Enable Low Performing Students to Meet Standards:

RANKING- Adequate to Above average

Categorical monies pay for the Learning Labs and instructional aides. These instructional aides spend a majority of their time working with students who are low performing. These assistants lower the child/teacher ratio when working with low performing students. The Learning Lab staff is paid out of categorical funds. The Learning Labs serve non-proficient in ELA and/or Math and Special Education students.

Use of Results of State and Local assessments to modify instruction and improve student achievement: **RANKING** – continuing in progress

CATEGORICAL FUNDING

The following state and federal categorical funds were allocated to this school through the Consolidated Application, Part II to enable all students to meet state and local academic performance standards and grow targets. Additional funds (listed under "Other) may be allocated in accordance with district policy.

EIA/SCE LEP - \$35,866 -- Learning Lab Personnel and Instruction and Temporary Support Assistants

Purpose: To improve school achievement of educationally disadvantaged students – to include English Learners.

GATE: \$ 17,215 -- Certificated Personnel (split among six teacher salaries and Magnet Program Director)

TARGETED IMPROVEMENTS IN STUDENT PERFORMANCE

This School Site Council has analyzed the available student performance data for all students. This Council has also obtained and considered the input of the school community. Based upon this analysis, the Council has established the following performance improvement targets.

PERFORMANCE IMPROVEMENT TARGET #1 Statement of the performance improvement target or goal:

The percent of students who score below Proficient in the areas of Reading, Language and Math will improve by a minimum of 5 percent.

Academic Standard to be addressed:

The focus will be in the areas of Reading and Math.

Performance discrepancy indicated by the data for these students:

We have some students who have scored below Proficient levels on the 2012 STAR.

Present limitations of this element of the educational program:

Limitations may be found in students participating in services provided. Parents have the option of allowing the students to participate in Learning Lab, after school tutoring and/or summer school programs. Underlying causes of the low performance of these groups:

- 1. Special Needs (learning disabilities)
- 2. Learning a new language (EL)
- 3. Absenteeism/Truancy/Tardy
- 4. More support needed (tutoring, **homework**, etc.) Some students have been recommended for free tutoring before or after school but do not attend. Teachers noted that some non-proficient students would be much improved if homework was completed. As a result of this discussion we began homework club/hall on some years at both campuses at lunch time.

Performance gains expected for students participating in this program:

5 percentile point gain to get all students to Proficient Levels.

How to Amend these Deterrents:

- 1. Continue Learning Lab for Special Education and Title 1 services
- 2. Rewards for good attendance—letters in Monday Messages and to individual parents about absenteeism and tardiness.
- 3. Continue tutoring and homework club/hall at both campuses as much as possible
- 4. The Gravenstein Staff has focused on teaching/practicing the writing process every day of school.
- 5. The K-5 staff give the superintendent/principal copies of their unit and benchmark reading assessments after they have given and reviewed the results to utilize for their instruction.
- 6. Pacing of lessons and pacing schedules (in order to complete all instruction of textbooks) prior to the STAR test has been a continuous focus. This is especially important in math
- 7. Staff development meetings—with teachers presenting writing instruction with handouts-had been the focus of the Gravenstein Staff Meetings beginning with the 2010-11 school year.
- 8. Differentiation of learning is discussed and encouraged. In some cases students have been accelerated in math beyond their grade level. This is only done when students can prove mastery of their current grade level work through assessments.

Part III

IMPROVEMENTS TO BE MADE IN EDUCATIONAL PRACTICE

The following actions will be taken to reach the student performance targets stated on previous page. These actions constitute a comprehensive plan to improve related educational practices, using all appropriate general fund and categorical resources available to the school.

*Actions to align standards, assessment and accountability:

All teachers participate in grade level meetings to align curriculum to State Standards and review assessment information on a monthly basis. Teachers at the K-5 level submit ELA unit assessments to the Superintendent/Principal as they are completed. This allows additional monitoring of student growth (or lack of) to assure intervention. Additional strategies have been established as listed above.

Implementers: All staff

Timeline: One to two meetings per month

*Actions to align instruction and materials to academic content standards:

District commitment - Purchasing materials in a timely manner that are aligned with State Standards and providing in-service training to all staff in the use of this material.

Implementers: District Wide Staff

Timeline: On-Going

*Actions to improve instructional strategies and materials accelerate learning and increase learning time:

Provide improved assistance in the Learning Lab, provide after school tutoring programs for students in need of additional assistance and provide remedial, intensive summer school programs for at-risk students.

Implementers: Instructional Aides, Learning Lab Staff, Teachers, Summer School Staff, and

Administration

Timeline: On-Going

*Actions to assure equal access and increase educational opportunity for students not meeting the standard:

Students not meeting standards are provided multiple opportunities for educational success-as stated above. Grades 3-4-5 have the ability to take the California Modified Assessment (CMA) instead of the STAR if they are qualified. Students qualify for CMA if they are currently receive special education services and the IEP team determines that the student needs to take the CMA instead of the CST.

Implementers: All Staff **Timeline:** On-Going

*Actions to insure qualified staff: Gravenstein Union School District has high standards in recruiting and hiring quality staff. On-going staff development training occurs to ensure all staff are highly trained in current educational practices and educational research.

Implementers: Administration

Participants: All Staff Timeline: On-Going

*Actions to involve staff, parents and community in support of this plan:

Parents are encouraged to be actively involved in their child's education. Weekly newsletters (Monday Messages) are sent home by the Superintendent (as well as some teachers' classroom messages) to inform parents as to the happenings at school. Parents are also encouraged to volunteer in their child's classroom, work in the library, attend Back to School Night, Open House and Parent Teacher conferences. The district has two parent foundations that support programs in the school.

Implementers: All Staff Timeline: On-Going

*Actions to provide support and auxiliary services to students and parents:

Parent conferences and Student Study Team meetings are held to provide additional support to students and families in need of additional assistance. Within the SST meetings recommendations are made for outside support services or additional academic plans are outline and implemented.

Implementers: All Staff Timelines: As Needed

*Actions to assure effective administration and oversight of this improvement:

On-going evaluation of all programs is performed by the site and district level administration.

Project Manager: Linda LaMarre

Timeline: On-Going

• Actions to monitor and evaluate student progress and implementation of this plan:

The School Site Council will evaluate year-end results. We will utilize STAR data to determine if we have achieved the goal of 5 percentile point growth in the areas of Reading and/or Math.

Group data and other indicators to measure academic gains

Board Policy

Nonschool Employment

BP 4136 4236,4336 Personnel Proposed

***Note: In order to help prevent financial conflicts of interest, Government Code 1126 prohibits a district employee or Governing Board member from engaging in any activity which is inconsistent, incompatible, in conflict with, or inimical to his/her duties. Government Code 1126 mandates the district to adopt procedures regarding this prohibition. See BB 9270 - Conflict of Interest for language regarding incompatible activities of Board members and other designated employees. Also see BP 4135/4235/4335 - Soliciting and Selling. The following policy should be modified to reflect district practice. ***

***The following section may be modified to reflect district practice. ***

In order to help maintain public trust in the integrity of district operations, the Governing Board expects all employees to give the responsibility of their positions precedence over any other outside employment. A district employee may receive compensation for outside activities as long as these activities are not inconsistent, incompatible, in conflict with, or inimical to his/her district duties.

(cf. 4119.21/4219.21/4319.21 - Professional Standards) (cf. 4119.23/4219.23/4319.23 - Unauthorized Release of Confidential/Privileged Information) (cf. 9270 - Conflict of Interest)

Note: Pursuant to Government Code 1126, the district may determine which particular outside activities would be incompatible with an employee's duties. The following list may be modified to reflect any specific positions or activities which the district has determined to be incompatible.

An outside activity shall be considered inconsistent, incompatible, or inimical to district employment when such activity: (Government Code 1126)

- 1. Requires time periods that interfere with the proper, efficient discharge of the employee's duties
- 2. Entails compensation from an outside source for activities which are part of the employee's regular duties
- 3. Involves using the district's name, prestige, time, facilities, equipment, or supplies for private gain
- 4. Involves service which will be wholly or in part subject to the approval or control of another district employee or Board member

(cf. 4135/4235/4335 - Soliciting and Selling)

(cf. 6161.1 - Selection and Evaluation of Instructional Materials)

***Note: Government Code 1126 mandates that the district's procedure include a provision for giving notice to employees of the determination of whether an activity is prohibited and of disciplinary action to be taken, as well as a process for employees to appeal either the determination or the imposition of disciplinary action. The following two paragraphs should be modified to reflect district practice. ***

An employee wishing to accept outside employment that may be inconsistent, incompatible, in conflict with, or inimical to the employee's duties shall file a written request with his/her immediate supervisor describing the nature of the employment and the time required. The supervisor shall evaluate each request based on the employee's specific duties within the district and determine whether to grant authorization for such employment.

(cf. 4112.9/4212.9/4312.9 - Employee Notifications)

The supervisor shall inform the employee whether the outside employment is prohibited. The employee may appeal a supervisor's denial of authorization to the Superintendent or designee. An employee who continues to pursue a prohibited activity may be subject to disciplinary action.

Tutoring

***Note: 5 CCR 80334 prohibits a certificated employee from accepting any compensation or benefit, other than his/her regular compensation, for the performance of any service which he/she must perform within the scope of his/her district employment. However, 5 CCR 80334 does not apply to overtime or the performance of supplemental services at the district's request, nor does it restrict the acceptance of gifts or tokens of minimal value offered and accepted openly from students, parents/guardians, or other persons in recognition or appreciation of service. See BP/E 4112.21 - Professional Standards. ***

***The following section may be modified to reflect district practice. ***

A certificated employee shall not accept any compensation or other benefit for tutoring a student enrolled in his/her class(es). An employee who wishes to tutor another district student shall first request authorization from his/her supervisor in accordance with this Board policy. If authorization is granted, the employee shall not use district facilities, equipment, or supplies when providing the tutoring service.

Administrative Regulation

Personal Illness/Injury Leave

AR 4161.1 4361.1 **Personnel**

***Note: The following administrative regulation is subject to collective bargaining and may be deleted by those districts whose agreement fully covers the leave provisions specified below.

***Note: Ten days of sick leave per year is the minimum prescribed by Education Code 44978 for certificated employees. The Governing Board may allow additional days at its discretion; if it does so, the following paragraph should be revised accordingly. ***

Full-time certificated employees are entitled to 10 days leave of absence for personal illness or injury (sick leave) per school year, with full pay. Employees working less than five school days per week shall be granted comparable sick leave in proportion to the time they work. (Education Code 44978)

(cf. 4161/4261/4361 - Leaves) (cf. 4161.9/4261.9/4361.9 - Catastrophic Leave Program)

An employee may take sick leave at any time during the school year, even if credit for sick leave has not yet been accrued. (Education Code 44978)

***Note: The following paragraph is optional. ***

An employee who does not complete a given year of service shall be charged for any unearned sick leave used as of the date of termination of service.

Unused days of sick leave shall be accumulated from year to year without limitation. (Education Code 44978)

***Note: The following optional paragraph may be revised to reflect district practice. ***

At the beginning of each school year, employees shall be notified of the amount of sick leave they have accumulated.

Any certificated employee who leaves the district after at least one school year of employment and accepts a certificated position in another district, county office of education, or community college district within one year shall have transferred with him/her the total amount of

accumulated sick leave. The district shall not require new employees to waive leave accumulated in a previous district. (Education Code 44979, 44980)

Sick leave may be used by a certificated employee for absences due to:

1. Temporary inability to perform his/her duties because of illness, accident, or quarantine, whether or not the cause of the absence arises out of and in the course of employment. (Education Code 44964)

(cf. 4157.1/4257.1/4357.1 - Work-Related Injuries)

2. Pregnancy, miscarriage, childbirth, and recovery (Education Code 44965, 44978)

(cf. 4161.8/4261.8/4361.8 - Family Care and Medical Leave)

3. Personal necessity (Education Code 44981)

(cf. 4161.2/4261.2/4361.2 - Personal Leaves)

***Note: Optional item #4 below may be revised as desired to specify a different minimum increment for sick leave. ***

- 4. Medical and dental appointments, in increments of not less than one hour
- 5. Industrial accidents or illnesses when leave granted specifically for that purpose has been exhausted (Education Code 44984)

(cf. 4161.11/4361.11 - Industrial Accident/Illness Leave)

***Note: Pursuant to Labor Code 233, any employer who provides sick leave for employees must permit them to use sick leave in any calendar year to attend to the illness of their child, parent, spouse, domestic partner, or domestic partner's child, in an amount not less than the sick leave that would be accrued during six months at the employee's then current rate of entitlement (e.g., five days accrued during six months for full-time certificated employees, unless the district has established an amount that is higher than the legal minimum). Certificated employees also may use personal necessity leave for the serious illness of a member of the employee's immediate family pursuant to Education Code 44981; see AR 4161.2/4261.2/4361.2 - Personal Leaves. Districts are cautioned to consult legal counsel regarding possible interaction of sick leave and personal necessity leave provisions in the Education Code and Labor Code. ***

6. Illness of the employee's child, parent, spouse, registered domestic partner, or domestic partner's child in an amount not less than the sick leave that would be accrued by the employee during six months at his/her then current rate of entitlement (Labor Code 233)

***Note: The following optional paragraph may be revised to reflect district practice. ***

An employee shall notify the district of his/her need to be absent as soon as such need is known, so that substitute services may be secured. This notification shall include an estimate of the expected duration of absence. If the absence becomes longer than estimated, the employee shall so notify the district. If the duration of absence becomes shorter than estimated, the employee shall notify the district not later than 3 p.m. of the day preceding the day on which he/she intends to return to work. If failure to so notify the district results in a substitute being secured, the cost of the substitute shall be deducted from the employee's pay.

(cf. 4121 - Temporary/Substitute Personnel)

Continued Absence After Available Sick Leave Is Exhausted

***Note: Pursuant to Education Code 44977, an employee who is absent for up to five months after exhausting all his/her available sick leave must receive his/her regular salary minus the cost of a substitute. Option 1 below reflects this requirement. ***

***Note: However, Education Code 44983 provides that Education Code 44977 does not apply to those districts that adopt a rule that gives certificated employees 50 percent or more of their regular salary during the period of absence. Option 2 below is for use by districts that choose to specify such a level of compensation; these districts are mandated to adopt a rule to this effect.

OPTION 1:

During each school year, when a certificated employee has exhausted all available sick leave, including all accumulated sick leave, and, due to illness or injury, continues to be absent from his/her duties for an additional period up to five school months, the employee shall receive his/her regular salary minus the actual cost of a substitute to fill the position. If the district has made every reasonable effort to secure the services of a substitute and has been unable to do so, the amount that would have been paid to a substitute shall be deducted from the employee's salary. (Education Code 44977)

***Note: In Veguez v. Long Beach Unified School District, the court held that an employee is not entitled to more than a total of five months of differential pay "per illness or accident," even if the employee works for a period of time between sick leave increments related to the same medical condition. ***

An employee shall not be provided more than one five-month period per illness or injury. However, if the school year ends before the five-month period is exhausted, the employee may take the balance of the five-month period in a subsequent school year. (Education Code 44977)

OPTION 2:

***Note: Option 2 below is mandated for use by districts that choose to provide employees at least 50 percent of their regular salary during the period of absence pursuant to Education Code 44983. The following paragraph specifies a percentage of 50 percent and should be modified by districts that have set a higher percentage. ***

After a certificated employee has exhausted all available sick leave, including all accumulated sick leave, and, due to illness or injury, continues to be absent for an additional period up to five months, he/she shall receive 50 percent of his/her regular salary during the five-month period of absence.

***Note: The following paragraph is for use by districts that selected either Option 1 or Option 2.

If a certificated employee is not medically able to resume his/her duties after the five-month period provided pursuant to Education Code 44977, the employee shall be placed either in another position or on a reemployment list. Placement on the reemployment list shall be for 24 months for probationary employees or 39 months for permanent employees and shall begin at the expiration of the five-month period. If during this time the employee becomes medically able, he/she shall be returned to employment in a position for which he/she is credentialed and qualified. (Education Code 44978.1)

(cf. 4116 - Probationary/Permanent Status)

***Note: When an employee is absent for a period of more than five months, or is absent for a cause other than illness, Education Code 44977 and 44983 provide that the amount deducted from his/her salary shall be determined according to the rules and regulations adopted by the Board as long as such rules are not in conflict with State Board of Education regulations. If not covered in the district's negotiated agreement, the district may add provisions here reflecting salary deductions for employees absent longer than five months. ***

Verification Requirements

***Note: Education Code 44978 mandates the Board to adopt regulations requiring proof of illness or injury and prescribing the means of verification. However, Education Code 44978 provides that these regulations shall not discriminate against evidence of treatment and the need for treatment by the practice of a well-recognized religion. For verification requirements for employees on leave pursuant to the Family and Medical Leave Act, see AR 4161.8/4261.8/4361.8 - Family Care and Medical Leave. ***

***Note: The following section should be modified to reflect district practice and any procedures which have been specified in negotiated agreements. ***

After any absence due to illness or injury, the employee shall verify the absence by submitting a completed and signed district absence form to his/her immediate supervisor.

The Superintendent or designee may, at any time, require additional written verification by the employee's physician or other authorized health care provider. Such verification shall be required whenever an employee's absence record shows chronic absenteeism or a pattern of absences immediately before or after weekends and/or holidays or whenever clear evidence indicates that an absence is not related to illness or injury.

***Note: 42 USC 2000ff-1, the Genetic Information Nondiscrimination Act (P.L. 110-233), specifies that it is unlawful for a district to request, require, or purchase an employee's or his/her family member's individual genetic information except in complying with the medical certification requirements for family care and medical leave purposes or with the employee's prior, knowing, voluntary, and written authorization. See AR 4161.8/4261.8/4361.8 - Family Care and Medical Leave. Any such information received by the district must be kept confidential. ***

The Superintendent or designee may require an employee to visit a physician selected by the district, at district expense, in order to receive a report on the medical condition of the employee. The report shall include a statement as to the employee's need for further leave of absence and a prognosis as to when the employee will be able to return to work. If the report concludes that the employee's condition does not warrant continued absence, the Superintendent or designee may, after giving notice to the employee, deny further leave.

Before returning to work, an employee who has been absent for surgery, hospitalization, or extended medical treatment may be asked to submit a letter from his/her physician stating that he/she is able to return to duty and stipulating any necessary restrictions or limitations.

GRAVENSTEIN UNION SCHOOL DISTRICT Sebastopol, California

Administrative Regulation

Current

Personnel

AR 4161.2 4261.2, 4361.2

Personal Leaves

Note: The following regulation is subject to collective bargaining agreements.

Note: Effective January 1, 2005, Family Code 297.5, as added by AB 205 (Ch. 421, Statutes of 2003), extends to registered domestic partners the same rights that are available under state law to spouses. However, the Education Code was not amended to reflect this new legislation. Districts should consult legal counsel if a question arises as to leave provisions relative to an employee's domestic partner.

Whenever possible, employees shall request personal leaves in advance and prepare suitable lesson plans or instructions for a substitute employee.

Bereavement

Note: Education Code 44985 and 45194 allow the Board to expand the class of relatives listed below and enlarge the benefits provided by law. The following two paragraphs may be revised to reflect district practice.

Employees are entitled to a leave of up to three days, or five days if out-of-state travel is required, upon the death of any member of the employee's immediate family. No deduction shall be made from the employee's salary, nor shall such leave be deducted from any other leave to which the employee is entitled. (Education Code 44985, 45194)

(cf. 4161/4261 - Leaves) (cf. 4361 - Leaves)

Members of the immediate family include the mother, father, grandmother, grandfather or grandchild of the employee or of the employee's spouse; the employee's spouse, son, son-in-law, daughter, daughter-in-law, brother or sister; or any relative living in the employee's immediate household. (Education Code 44985, 45194)

At the employee's request, bereavement leave may be extended under personal necessity leave provisions. (Education Code 44981, 45207)

Personal Necessity

Note: Employees may use a maximum of seven days of accumulated sick leave for reasons of personal necessity pursuant to Education Code 44981 (certificated employees) and 45207 (classified employees). Pursuant to Education Code 44981, a higher maximum may be set for certificated employees if specified in a collective bargaining agreement. AB 1038 (Ch. 843, Statutes of 2003) amended Education Code 45207 to similarly allow a higher maximum to be set for classified employees if specified in a collective bargaining agreement or, if there is no exclusive representative, in a Board resolution. Districts that have bargained for a higher maximum number of days should modify the following paragraph accordingly.

Employees may use up to seven days of their accrued sick leave during each contract year for reasons of personal necessity. (Education Code 44981, 45207)

(cf. 4161.1/4361.1 - Personal Illness/Injury Leave)

(cf. 4261.1 - Personal Illness/Injury Leave)

Acceptable reasons for the use of personal necessity leave include:

- 1. Death of a member of the employee's immediate family when the number of days of absence exceeds the limits set by bereavement leave provisions (Education Code 44981, 45207)
- 2. An accident involving the employee's person or property or the person or property of a member of the employee's immediate family (Education Code 44981, 45207)

***Note: Education Code 44981 provides that a certificated employee may use personal necessity leave for the serious illness of a member of his/her immediate family. The Board may extend these provisions to classified employees under the authority granted to the Board by Education Code 45207. Districts are cautioned to consult legal counsel regarding any interaction of Education Code provisions with Labor Code 233, which states that any employer who provides sick leave for employees must permit employees to use sick leave to attend to the illness of a child, parent, spouse, domestic partner or domestic partner's child. See AR 4161.1/4361.1 - Personal Illness/Injury Leave and AR 4261.1 - Personal Illness/Injury Leave. Also see AR 4161.8/4261.8/4361.8 - Family Care and Medical Leave for federal and state provisions related to leaves for the birth, adoption or foster placement of a new child; the care of a seriously ill child, parent or spouse; or the employee's own serious health condition. ***

3. A serious illness of a member of the certificated employee's immediate family (Education Code 44981)

(cf. 4161.8/4261.8/4361.8 - Family Care and Medical Leave)

***Note: Education Code 45207 provides that classified employees may use sick leave for required court appearances as provided in item #4 below. Circumstances under which employees may take time off, with pay, for court appearances are described in the section on "Legal Duties" below. ***

4. A classified employee's appearance in any court or before any administrative tribunal as a litigant, party or witness under subpoena or other order (Education Code 45207)

***Note: Items #5 and 6 are optional and may be deleted or modified as desired. ***

- 5. Fire, flood or other immediate danger to the home of the employee
- Personal business of a serious nature which the employee cannot disregard

Leave for personal necessity may be allowed for other reasons at the discretion of the Superintendent or designee. However, no such leave shall be granted for purposes of personal convenience, for the extension of a holiday or vacation, or for matters which can be taken care of outside of working hours. The Superintendent or designee shall have final discretion as to whether a request reflects true personal necessity.

Note: AB 1038 (Ch. 843, Statutes of 2003) amended Education Code 45207 to provide that the district cannot require a classified employee to secure advance permission for leave taken under the circumstances described below. If the district has extended to classified employees the same rights granted to certificated employees to use personal necessity leave for the serious illness of a family member (see above), the district may choose to modify the last sentence of the following paragraph so as not to require advance permission for classified employees under those circumstances.

Advance permission shall not be required of any employee in cases involving the death of a member of the employee's immediate family or an accident involving the employee's person or property or the person or property of a member of his/her immediate family. For certificated employees, advance permission also shall not be required in cases involving the serious illness of a member of the employee's immediate family. (Education Code 44981, 45207)

Note: Education Code 44981 and 45207 mandate the adoption of rules and regulations requiring and prescribing the manner of proof of personal necessity. The following paragraph may be revised to fulfill this mandate.

After any absence due to personal necessity, the employee shall verify the absence by submitting a completed and signed district absence form to his/her immediate supervisor.

Legal Duties

Classified employees called for jury duty shall be granted leave with pay up to the amount of the difference between the employee's regular earnings and any amount received for jury or witness fees. (Education Code 44037)

***Note: The following optional paragraph is for use by districts that choose to provide leave of absence with pay for certificated employees called for jury duty, as authorized but not required by Education Code 44036. Districts that do not extend such leave should delete this paragraph. ***

Certificated employees also shall be granted leave for jury duty with pay up to the amount of the difference between the employee's regular earnings and any amount received as juror's fees.

***Note: Labor Code 230 prohibits the discharge of or discrimination or retaliation against an employee for taking time off for the following activities. ***

An employee may take time off work in order to: (Labor Code 230)

- 1. Serve on an inquest jury or trial jury
- 2. Comply with a subpoena or other court order to appear as a witness

Notices, summons and subpoenas for court appearances shall be submitted to the district office when requesting leave.

Leaves for Crime Victims

Note: The following section reflects the provisions of Labor Code 230.2, added by SB 478 (Ch. 630, Statutes of 2003). Labor Code 230.2 prohibits employers from taking adverse employment action against employees who take leave as described below.

An employee may be absent from work in order to attend judicial proceedings related to a crime when he/she is a victim, immediate family member of a victim, registered domestic partner of a victim, or child of a registered domestic partner of a victim of the following crimes: (Labor Code 230.2)

- 1. A violent felony as defined in Penal Code 667.5(c)
- 2. A serious felony as defined in Penal Code 1192.7(c)
- 3. A felony provision of law proscribing theft or embezzlement

Note: Pursuant to Labor Code 230.2, employees may use any of the types of leave listed in the following paragraph, unless otherwise provided by a collective bargaining agreement, although a collective bargaining agreement cannot diminish the entitlement of any employee. The district should modify the following paragraph as necessary to reflect the terms of its collective bargaining agreement(s).

For these purposes, the employee may use vacation, personal leave, sick leave, compensatory time off that is otherwise available to the employee, or unpaid leave. (Labor Code 230.2)

Prior to taking time off, an employee shall give his/her supervisor a copy of the notice of each scheduled proceeding that is provided by the responsible agency, unless advance notice is not feasible. When advance notice is not feasible or an unscheduled absence occurs, the employee shall, within a reasonable time after the absence, provide documentation evidencing the judicial proceeding from the court or government agency setting the hearing, the district attorney or prosecuting attorney's office, or the victim/witness office that is advocating on behalf of the victim. (Labor Code 230.2)

The supervisor and Superintendent or designee shall keep confidential any records pertaining to the employee's absence from work. (Labor Code 230.2)

Leaves for Victims of Domestic Violence or Sexual Assault

***Note: Labor Code 230 prohibits employers from taking adverse employment action against victims of sexual assault or domestic violence who takes leave as described in the following section. ***

An employee who is a victim of domestic violence or sexual assault as defined by law may take time off work to obtain or attempt to obtain any relief, including but not limited to a temporary restraining order, restraining order or other injunctive relief to help ensure the health, safety or welfare of the employee or his/her child. (Labor Code 230)

Note: Labor Code 230.1 requires districts with 25 or more employees to grant time off to employees who are victims of sexual assault or domestic violence for the following additional reasons. Districts with fewer than 25 employees should delete items #1-4 below.

In addition, an employee who is a victim of domestic violence or sexual assault may take time off work to attend to the following activities: (Labor Code 230.1)

- 1. Seek medical attention for injuries caused by domestic violence or sexual assault
- 2. Obtain services from a domestic violence shelter, program, or rape crisis center as a result of domestic violence or sexual assault
- 3. Obtain psychological counseling related to an experience of domestic violence or sexual assault
- 4. Participate in safety planning and take other actions to increase safety from future domestic violence or sexual assault, including temporary or permanent relocation

Note: The remainder of this section applies to all districts. Pursuant to Labor Code 230 and 230.1, employees may use any of the types of leave listed in the following paragraph, unless otherwise provided by a collective bargaining agreement, although a collective bargaining agreement cannot diminish the entitlement of any employee. The district should modify the following paragraph as necessary to reflect the terms of its collective bargaining agreement(s).

An employee who is a victim of domestic violence or sexual assault may use vacation, personal leave or compensatory time off that is otherwise available to the employee under the applicable terms of employment. (Labor Code 230, 230.1)

Prior to taking time off, an employee shall give reasonable notice to his/her supervisor, unless advance notice is not feasible. When an unscheduled absence occurs, the employee shall provide, within a reasonable time, certification of the absence in the form of any of the following documents: (Labor Code 230, 230.1)

- 1. A police report indicating that the employee was a victim of domestic violence or sexual assault
- 2. A court order protecting or separating the employee from the perpetrator of an act of domestic violence or sexual assault, or other evidence from the court or prosecuting attorney that the employee has appeared in court
- 3. Documentation from a medical professional, domestic violence advocate or advocate for victims of sexual assault, health care provider or counselor that the employee was undergoing treatment for physical or mental injuries or abuse resulting from an act of domestic violence or sexual assault

The supervisor and Superintendent or designee shall maintain the confidentiality of such an employee to the extent authorized by law. (Labor Code 230, 230.1)

Personal Leave for a Child's School Activities

***Note: Pursuant to Labor Code 230.8, the following section applies to districts employing 25 or more employees at the same location. Districts with fewer than 25 employees at the same location should delete this section. ***

Any employee who is a parent/guardian or grandparent having custody of one or more children who are enrolled in grades K-12, or who attend a licensed day care facility, may use up to 40 hours of personal leave, vacation or compensatory time off each school year in order to participate in school or day care activities. Such leave shall not exceed eight hours in any month of the year, and the employee shall give reasonable advance notice of the absence. (Labor Code 230.8)

(cf. 1240 - Volunteer Assistance)

***Note: Labor Code 230.8 provides that the employee may use time off without pay to the extent the employer makes it available. The following optional paragraph may be revised as desired. ***

In lieu of using vacation, personal leave or compensatory time off, eligible employees giving reasonable advance notice may take up to 40 hours without pay each school year for this purpose, not to exceed eight hours in any month.

If both parents of a child are employed at the same work site, this leave shall be allowed for the first parent who applies; simultaneous absence by the second parent may be granted by the Superintendent or designee. (Labor Code 230.8)

Upon request by the Superintendent or designee, the employee shall provide documentation from the school or licensed day care facility that he/she participated in school or licensed day care facility activities on a specific date and at a particular time. (Labor Code 230.8)

***Note: Pursuant to Labor Code 230.8, an employee who is discharged, threatened with discharge, demoted, suspended or otherwise discriminated against for using the above leave is entitled to reinstatement and reimbursement for lost wages and benefits, and an employer who willfully refuses to rehire, promote or otherwise reinstate such an employee is subject to a civil penalty equal to three times the amount of the lost wages and benefits. ***

Service on Education Boards, Committees and State or Employee Organizations

Employees shall be granted up to 20 school days of paid leave per school year for service performed within the state on any education boards, commissions, committees or groups authorized by Education Code 44987.3 or statute, provided that all of the following conditions are met: (Education Code 44987.3)

- 1. The service is in the state of California.
- 2. The board, commission, organization or group informs the district in writing of the service.
- 3. The board, commission, organization or group agrees, prior to service, to reimburse the district, upon the district's request, for compensation paid to the employee's substitute and for actual related administrative costs.

***Note: Education Code 44987 and 45210 provide that certificated and classified employees may take time off without loss of compensation to serve as elected officers of their local, statewide or national employee organization. Following the district's payment to the employee for the leave of absence, the employee organization must reimburse the district. This leave of absence is in addition to the release time granted to representatives of an employee organization granted by Government Code 3543.1. ***

Employees may take a leave of absence without loss of compensation to serve as an elected officer of a district employee organization or any statewide or national employee organization with which the local organization is affiliated. The leave shall include, but is not limited to, absence for purposes of attending periodic, stated, special or regular meetings of the body of the organization. (Education Code 44987, 45210)

Leave for Emergency Duty

***Note: Labor Code 230.3 prohibits a district from discharging or discriminating against an employee who takes time off to perform emergency duty as specified below. Labor Code 230.3 defines emergency rescue personnel as a member of a federal, state, local or private fire department or agency, as well as a sheriff or police department. ***

An employee may take time off to perform emergency duty as a volunteer firefighter, a reserve peace officer, or emergency rescue personnel. (Labor Code 230.3)

Note: Labor Code 230.4 requires a district with 50 or more employees to grant an employee who is a volunteer firefighter temporary leaves of absence for up to 14 days per calendar year for activities as specified below. Districts with fewer than 50 employees should delete this paragraph.

An employee who is a volunteer firefighter shall be permitted to take temporary leaves of absence, not to exceed an aggregate total of 14 days per calendar year, for the purpose of engaging in fire or law enforcement training. (Labor Code 230.4)

Administrative Regulation

Personal Leaves

AR 4161.2 4261.2,4361.2

Personnel

p * ~ p *

Proposed

***Note: The following administrative regulation is subject to collective bargaining agreements. ***

Note: As provided in the following paragraph, Family Code 297.5 extends to registered domestic partners the same rights that are available under state law to spouses. Thus, pursuant to Family Code 297.5, any reference to an employee's spouse throughout the following regulation also applies to a registered domestic partner, even if not expressly stated in the applicable state code (e.g., Education Code, Military and Veterans Code). Districts should consult legal counsel if a question arises as to leave provisions relative to an employee's domestic partner.

For the purpose of any personal leave offered pursuant to state law, a registered domestic partner shall have the same rights, protections, and benefits as a spouse and protections provided to a spouse's child shall also apply to a child of a registered domestic partner. (Family Code 297.5)

Whenever possible, employees shall request personal leaves in advance and prepare suitable instructions, *including lesson plans as applicable*, for a substitute employee.

(cf. 4121 - Temporary/Substitute Personnel)

Bereavement

Note: Education Code 44985 and 45194 allow the Governing Board to expand the class of relatives listed below and enlarge the benefits provided by law. The following two paragraphs may be revised to reflect district practice.

Employees are entitled to a leave of up to three days, or five days if out-of-state travel is required, upon the death of any member of the employee's immediate family. No deduction shall be made from the employee's salary, nor shall such leave be deducted from any other leave to which the employee is entitled. (Education Code 44985, 45194) (cf. 4161/4261/4361 - Leaves)

Members of the immediate family include: (Education Code 44985, 45194)

- 1. The mother, father, grandmother, grandfather, or grandchild of the employee or of the employee's spouse
- 2. The employee's spouse, son, son-in-law, daughter, daughter-in-law, brother, or sister
- 3. Any relative living in the employee's immediate household

At the employee's request, bereavement leave may be extended under personal necessity leave provisions as provided in the section "Personal Necessity" below. (Education Code 44981, 45207)

Personal Necessity

Note: Employees may use a maximum of seven days of accumulated personal illness/injury leave (sick leave) for reasons of personal necessity pursuant to Education Code 44981 (certificated employees) and 45207 (classified employees). Pursuant to Education Code 44981 and 45207, a higher maximum may be set for certificated and classified employees if specified in their collective bargaining agreement or, if there is no collective bargaining agreement for classified employees, then in a Board resolution. Districts that have established a maximum that is higher than seven days should modify the following paragraph accordingly.

Note: Education Code 45207 clarifies that provisions pertaining to personal necessity leave also apply to districts that have adopted the merit system for classified employees in accordance with Education Code 45240-45320.

Employees may use up to a maximum of seven days of their accrued <u>siek leave-personal</u> illness/injury leave during each contract year-school year for reasons of personal necessity. (Education Code 44981, 45207)

(cf. 4161.1/4361.1 - Personal Illness/Injury Leave) (cf. 4261.1 - Personal Illness/Injury Leave)

Acceptable reasons for the use of personal necessity leave include:

- 1. Death of a member of the employee's immediate family when the number of days of absence exceeds the limits set by bereavement leave provisions (Education Code 44981, 45207)
- 2. An accident involving the employee's person or property or the person or property of a member of the employee's immediate family (Education Code 44981, 45207)

Note: Education Code 44981 provides that a certificated employee may use personal necessity leave for the serious illness of a member of his/her immediate family. The Board may extend these provisions to classified employees under the authority granted to the Board by Education Code 45207. Districts are cautioned to consult legal counsel regarding any interaction of Education Code provisions with Labor Code 233, which states that any employer who provides personal illness/injury leave for employees must permit employees to use personal illness/injury leave to attend to the illness of a child, parent, spouse, registered domestic partner, or registered domestic partner's child. See AR 4161.1/4361.1 - Personal Illness/Injury Leave and AR 4261.1 - Personal Illness/Injury Leave. Also see AR 4161.8/4261.8/4361.8 - Family Care and Medical Leave for federal and state provisions related to leaves for the birth, adoption, or foster placement of a new child; the care of a seriously ill child, parent, or spouse/registered domestic partner; or the employee's own serious health condition.

3. A serious illness of a member of the certificated employee's immediate family (Education Code 44981) (cf. 4161.8/4261.8/4361.8 - Family Care and Medical Leave)

Note: Education Code 45207 provides that classified employees may use personal illness/injury leave for required court appearances, as provided in item #4 below. Circumstances under which employees may take time off, with pay, for court appearances are described in the section on "Legal Duties" below.

4. A classified employee's appearance in any court or before any administrative tribunal as a litigant, party, or witness under subpoena or other order (Education Code 45207)

Note: Items #5 and #6 are optional and may be deleted or modified to reflect district practice.

- 5. Fire, flood, or other immediate danger to the home of the employee
- 6. Personal business of a serious nature which the employee cannot disregard

Leave for personal necessity may be allowed for other reasons at the discretion of the Superintendent or designee. However, no such leave shall be granted for purposes of personal convenience, for the extension of a holiday or vacation, or for matters which can be taken care of outside of working hours. The Superintendent or designee shall have final discretion as to whether a request reflects personal necessity.

Note: Education Code 44981 and 45207 specify circumstances under which certificated and classified employees cannot be required to seek advance permission for the leave. However, only certificated employees are afforded the right, pursuant to Education Code 44981, to not be required to provide advance notice for leave due to a serious illness of the employee's family member. Districts may, at their discretion, extend this right to all employees as stated in the following optional paragraph. Districts that wish to restrict the provision to certificated employees should revise the paragraph accordingly.

Note: Also see AR 4161.8/4261.8/4361.8 - Family Care and Medical Leave for requirements pertaining to requests for leaves that qualify under the federal Family and Medical Leave Act (29 USC 2601-2654) or the California Family Rights Act (Government Code 12945.1-12945.2), including provisions that allow employees to provide notice as soon as practicable when 30-day advance notice is not practicable due to lack of knowledge of the date the leave will be needed, a change in circumstances, or a medical emergency.

Advance permission shall not be required of any employee in cases involving the death of a member of the employee's immediate family, an accident involving the employee's person or property or the person or property of a member of his/her immediate family, For certificated employees, advance permission also shall not be required in cases involving or the serious illness of a member of his/her immediate family. (Education Code 44981, 45207)

However, the employee shall notify the Superintendent or designee of the need for the leave as soon as practicable.

Note: Education Code 44981 and 45207 mandate the adoption of regulations requiring, and prescribing the manner of, proof of personal necessity. The following paragraph may be revised to specify the manner of proof required by the district.

After any absence due to personal necessity, the employee shall verify the absence by submitting a completed and signed district absence form to his/her immediate supervisor.
