Eric Hoppes, Superintendent Gravenstein Union School District 3840 Twig Avenue Sebastopol, CA 95472

Dear Eric

Jim Horn's letter of resignation from the Sebastopol Union School District Board of Trustees was received on June 22, 2019 with an effective resignation date of July 1, 2019. The procedure to fill a board member vacancy is as follows:

The law requires a school district governing board to order an election or to make a provisional appointment within sixty (60) days from the date of the vacancy or of the filing if the resignation contains a deferred effective date (Education Code Section 509I).

The effective date of the resignation may not be deferred for more than sixty (60) days after the filing with the County Superintendent of Schools (Education Code Section 509I). If the resignation contains a deferred effective date, the resigning member has the right to exercise all the powers granted to members of the governing board except that he or she does not have the right to vote on the provisional appointment of his or her successor (Education Code Section 35I78). In the event that a governing board fails to make an appointment or order an election during the 60-day period, I, as County Superintendent, am required by law to order an election to fill the vacancy.

The provisional appointment of the new member must be made and announced in a public meeting. A provisional appointment confers all powers and duties of a governing board member upon the appointee <u>immediately</u> following his or her appointment. Within ten (I0) days after the provisional appointment, the governing board shall post notices of the actual vacancy or of the filing of a deferred resignation, and also the name of the provisional appointee in three (3) public places in the district and, further, shall publish the notice in a newspaper of general circulation published in the district. If no newspaper of general circulation is published in the district, the notice need not be published. The notice shall state the fact of the vacancy or resignation. The notice shall also contain the full name of the provisional appointee to the board, and the date of his or her appointment, and a statement that unless a petition calling for a special election containing a sufficient number of signatures is filed in the office of the County Superintendent of Schools within thirty (30) days of the provisional appointment, the appointment shall become an effective appointment (Education Code Section 5092).

If a petition is received and determined to be legally sufficient, an election must be held no later than the 130th day after the determination. Nevertheless, if a regular election date will occur between the 130th and 150th day, the County Superintendent may call the election to be held on the regular election date (Education Code Section 509I). A person elected at an election to fill the vacancy shall hold office for the remainder of the term in which the vacancy occurs.

Within a waiting period of thirty (30) days after the provisional appointment, if the district has not received a petition demanding an election from a number equaling I-I/2 percent of the number of registered voters of the district at the time of the last regular election for governing board members, the appointment becomes an effective appointment.

If the appointment becomes effective, the appointee only serves until the next regularly scheduled election for district governing board members at which time an election is held to fill the vacancy for the remainder of the unexpired term.

<u>Reminder</u>: Under a district's conflict of interest code, a board member leaving office must file a leaving office statement and a newly appointed board member must file an assuming office statement. These forms are available from the County Clerk and must be filed with the County Clerk within 30 days of the board member leaving or assuming office.

NOTE: The appointment procedure (or election by reason of a voter petition) does not apply if the vacancy occurs within four (4) months of the end of the term of that position. It also does not apply if the vacancy or the filing of a deferred resignation with the County Superintendent of Schools occurs between six (6) months and one hundred and thirty (130) days before a regularly scheduled governing board election and the position is not scheduled to be filled at that election. In both these situations, the position must remain vacant and is filled at the regularly scheduled election.

If the position was scheduled to be filled at the regularly scheduled election, the person elected at that election shall only hold office for the remainder of the term of that position (Education Code 5093).

If you have any questions, please call.

Sincerely,

Steven D. Herrington, Ph.D. Sonoma County Superintendent of Schools

A. General

This Memorandum of Understanding (MOU) is between the Sonoma County Superintendent of Schools, serving as the Local Education, Agency (LEA) for the North Coast Teacher Induction Program ("Program"), and the County Offices of Education, districts, schools, employing agencies, and independent charter schools (collectively "District") signing below. The term of this MOU commences on July 1, 2019, and terminates on June 30, 2020.

B. Purpose

The purpose of the MOU is to establish a formal working relationship between the parties. The Program will provide and coordinate services and support to guide Candidates in meeting California credential requirements through the state-accredited Teacher Induction Credential Programs including General Education Clear, Education Specialist Clear Credential Program, Designated Subjects Credential Programs: Career Technical Education (CTE), Adult Education (AE), and the university-based Intern Program. Throughout this document, new teachers from all of the credential areas are referred to as "Candidates" and veteran teachers are referred to as "Mentors."

C. Eligibility

Eligible "Candidates" are those hired within the NCTIP regional "Consortium" defined as the following counties: Del Norte, Humboldt, Lake, Marin, Mendocino, Napa, Nevada, Sonoma, and Trinity Counties. Note: Adult Education, Career Technical Education, General Education, Special Education and Intern candidates who are outside the Consortium may be eligible to participate in the Program components on a full fee-for-service basis. Candidates who hold a preliminary credential and need to obtain their Clear Credential who are beyond their first two years of teaching, and/or are teachers in Private Schools, are eligible to participate in the program components on a fee-for-service basis.

Re: North Coast School of Education (NCSoE)

Sonoma County Office of Education, as the Local Education Agency (LEA) for the NCSoE, is committed to providing relevant teacher induction, administrative programs and intern credential services throughout the region.

Districts continue to navigate the current teacher and administrative shortages and substantial retirements in the educational field. The following information may be helpful in planning your preliminary budgets, Local Control Accountability Plan (LCAP) and Professional Development Plan with regards to California Teacher Induction, Administrative Programs and Intern Support/Supervision for your newly hired administrators and teachers.

Teacher Induction

The North Coast Teacher Induction Program (NCTIP) assists schools and districts in providing Teacher Induction that meets both program and credentialing standards for the state of California. NCTIP provides credentialed teachers with a specifically designed, standards-based professional development, mentoring and coaching, credentialing services, and technical assistance aligned to the California Standards for the Teaching Profession (CSTP). New teachers design an Individualized Learning Plan (ILP) aligned with district goals and work closely with a Mentor and site administrator who offer "just-in- time" coaching and longerterm analysis of teaching practice to help new teachers develop enduring professional skills.

Intern Program

The Be-A-Teacher (BAT) Intern Program is an alternative pathway to acquiring a teaching credential that prepares candidates to become teachers for elementary, middle, high school and special education classrooms. Candidates begin with Pre-service modules leading to an Intern Credential, are employed and paid by the school district, are the "Teacher of Record" for their classrooms, work closely with a Practicum Supervisor, Mentor, and attend evening classes in a cohort model. Upon successful completion of the Intern Program and credential requirements, candidates will be recommended for a California Preliminary Credential.

Administrative Programs

Two state accredited programs are offered through NCSoE – Preliminary Administrative Services Credential Program (PASC) is designed to prepare future exemplary leaders in educational leadership. Candidates attend courses aligned to the California Professional Standards for Educational Leaders (CPSEL), complete fieldwork and work closely with a Faculty Mentor. The Administrative Induction Program (AIP) is designed to provide new administrators with the opportunity to clear their Preliminary Administrative Services Credential through a job-embedded induction experience. Candidates pay tuition and complete differentiated professional development, design Individualized Induction Plans (IIP) and network professionally through collaborative learning communities.

LCAP State Priority 1

As you work with local community groups and stakeholders to revisit your LCAP goals, the details below may be helpful in planning ahead for services, support and supervision for new administrators, teachers, interns and permit holders in order for them to be supported in your classrooms and obtain credentials. Teacher induction goals and intern support align with several areas of the LCAP and most closely connect with *Priority 1: <u>Conditions of Learning</u> - "Basic degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching."*

Fee for Service

NCSoE operates as a "fee for service" model. This model continues to provide increased access to quality induction and support for districts that are employing new teachers in the region.

Districts will be responsible for the total fee-for-service, at \$3,500 per teacher induction candidate and \$2,500 per intern or permit candidate. For example, if "District X" hires 2 new teachers and 1 intern in 2019-2020, the cost to the district would be \$9,500 (2 X \$3,500 plus 1 X \$2,500). Your district will be invoiced in November 2019 depending on the number of induction candidates and interns enrolled in the programs.

NCSoE will fund the cost of each induction mentor stipend at \$1,250 and each intern mentor stipend at \$800.00. The program also pays a stipend for District Coordination at a pay rate of \$100.00 per candidate and intern served for 2019-2020. These funds will be sent to districts in March 2020.

	Teacher Induction	Intern Support and Supervision
Annual Program Costs per induction candidate and intern - inclusive of Mentor stipends.	\$3,500.00	\$2,500.00

As teacher/administrative induction and intern programs throughout the state continue to transition, we find our programs to increasingly be ones that are sought after for quality services. And while we recognize that you may not know if you will have new teachers next year, it is important to secure general commitments for planning purposes. To ensure that your district is afforded the benefits of our programs without a disruption in services, please return a signed copy of the attached Memorandum of Understanding (MOU) by August 30, 2019.

Please let me know if I can be of service to you with your planning and staffing. In the months to come, I will continue to work with you in preparing high quality teachers for every student in all of our classrooms. We regularly monitor our programs and your input is invaluable as we continually look for ways to better serve our districts

/. Feel free to contact me at any time and thanks for all you do to support student achievement and teacher success.
